WARNING: Please read & acknowledge: The Flood Insurance Rate Maps (FIRM) and other flood data used by the Harrison County Floodplain Administrator in evaluating flood hazards to proposed developments are considered reasonable and accurate for regulatory purposes and are based on the best available scientific and engineering data. On rare occasions greater floods can and will occur and flood heights may be increased by man-made or natural causes. Issuance of a permit to develop in a flood hazard area does not imply that development outside the identified areas of special flood hazard will be free from flooding or flood damage. Issuance of this permit shall not create liability on the part of Harrison County, the county Floodplain Administrator, or any department, officer, or employee of Harrison County in the event flooding or flood damage does occur.
